

Watching the Weather

At home, watch a TV or online weather forecast for two days.
Ask an adult to show you roughly where the weather is for your area on the weather map.

Listen to what the forecaster says and look at the weather symbols.

Use the recording table below to show the weather for your area.

Day: _____

Type of weather <i>(Draw the symbol)</i>	Temperature	Any changes in the weather?

Day: _____

Type of weather <i>(Draw the symbol)</i>	Temperature	Any changes in the weather?
