

Thursday 14th January

Good morning Year One,

I hope everyone is well and happy.

I am sorry the link for the weather diary did not work yesterday. I have put an alternative on the class page. The objective of keeping a diary like this is to show that the weather can follow a pattern (seasonal weather) but also can be changeable over a period of time so that not every day is the same. (why we need weather forecasts!)

Thank you to all the parents who have been sharing work on Seesaw. Also thank you for supporting your child with their learning. You are doing a great job.

Here is today's work

Maths:

First watch the video.

<https://vimeo.com/492197096>

Now try these questions

[Y1-Spring-Block-1-WO4-Subtraction-not-crossing-10-2019.pdf \(whiterosemaths.com\)](#)

Can you work out the true or false question?

[PowerPoint Presentation \(whiterosemaths.com\)](#)

English:

In this lesson you will be learning how to write "ed" words to show something happened in the past.

<https://classroom.thenational.academy/lessons/to-use-the-past-tense-ed-6xhp6d>

PE

There are lots of different things you can do to be active.

If you can't get outside for a walk or a bike ride you could try one of the wild workouts we do in class

[BBC iPlayer - Andys Wild Workouts](#)

Or a Super Movers activity [KS1 - BBC Teach](#)

Or look on You Tube for a [Cosmic Yoga](#) activity.
