# Index It!

How do we use an atlas?

What do we do first, next, last?

How is an index arranged?

What countries are in the UK?

# Index It!

The index page lists all of the countries, cities and towns which can be found in the atlas. Beside the listings, there is usually a page reference and sometimes a 'letter' which describes what kind of feature such as r= river, c= city, m = mountain.

How would these places appear in an atlas index?  
Which place would come first?

- London
- Edinburgh
- Cardiff
- Birmingham
- Swansea
- Belfast
