

Science

This unit focuses on the digestive system in humans and animals and the functions of teeth. Children will learn more about herbivores, carnivores and omnivores in the context of teeth, digestion and the food chain. In addition, they will extend their understanding of food chains to more complex chains and food webs.

Art

In this unit the children will be focusing on their sketching skills with a focus on mark making, shading, tone and texture.

Religious Education

Creation - The story of Abraham to Joseph

In this unit the children will hear and learn about some important stories from the Book of Genesis. They will explore some important images of God found in these stories and consider what it means for human beings to be made in the image and likeness of God.

Jesus teaches us to pray

In this unit the children will learn about the prayer life of Jesus as he grew up in the Jewish faith. The children will be introduced to some prayers from the Old Testament and they will consider the importance Jesus attached to prayer. The children will study the Our Father, the prayer of the Rosary and some other forms of prayer as part of this unit.

Advent

In this unit of work the children will learn about the ancestors of Jesus and that he was descended from the House of David. Through this work the children will be able to place the story of the first coming of Jesus into an historical context.

Jesus is the light of the world

In this unit the children study some important stories about the life of Jesus and the revelation of his presence in the world. They will also learn about some of the symbols of Baptism and their association with belonging to the Family of God.

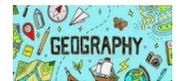

History

Impact of the Roman Empire

This unit is about the impact of the Roman invasion and the legacy left that modernised Britain. They will learn that the Romans impacted every part of our daily life including, languages, money, number system, calendar, laws and legal system. They will also learn about the technologies and architecture that the Romans founded in Britain including the heating and drainage system, a structure of towns and roads, bridges, aqueducts, temples and monuments. The modernisation of hygiene and the arts and the impact that had on civilisation. Also, they will learn how the Romans brought with them their own gods, which merged with native British gods eventually creating a new religion that overpowered the old pagan ways.

History

Geography

In this unit the children will learn about what life was like in Coventry during Roman times including how and where people lived. They will develop their understanding of the revolt against the Romans led by Boudicca and the significance of The Lunt Fort as a military stronghold in Coventry. The children will also develop an understanding of life in the Lunt Fort focusing on the structure of the army, soldiers and weapons.

Music - Recorder

This year the children in year 4 will continue to learn how to play the recorder. They will learn how to read musical notation and develop their knowledge of chords.
