Job – To file the Howloon's claws every day

Activity – To write the Field Notes for the Lounging Howloon's slaves

Your task is to write Field Notes for all four of the Howloon's slaves. You need to use good description in your bullet points and give them a job (a job that helps the Howloon.)

You can use your own description or magpie some of my ideas. Remember to draw your Slaves and set them out nicely in a Field notes style like my example on the next slides.
