## Skills Work: Prepositional words and phrases

These are just word that tell you where something is placed e.g.

In, on, under, over, beside, inside, behind, on top of etc

Choose three prepositional words and put them into a sentence. Your sentences can be about anything you want. You can either write or say your sentences.

e.g

Put the book **on** the table.

It was hidden **inside** the box.

# Chapter 20 – The Great Gum Machine

Listen to the audio recording of part of Chapter 20 – The Great Gum Machine.

## Activity:

Today I want you to design and draw your Great Gum Machine. First you need to think about what food your gum will be. Think about a three course meal. You need a first course, a main course and a pudding.

On the next slide is my gum machine and my meals.

I look forward to seeing your interesting Gum Machines.

**The first course of my gum meal is Nachos**  
**The main course of my gum meal is Spaghetti Bolognaise**  
**The pudding for my gum is Chocolate Brownie**
