

# Wolves in the Wall Homework

Write a paragraph about the wolves coming out of the wall and the family escaping to the garden.

You will need to include the following skills (we have looked at these this week in class):

- Powerful adjectives and verbs. (Describing words and actions)
- Feelings of the characters
- Alliteration
- A short sentence
- A simile or metaphor (describe the sky like the sea or the moon as a boat.)

The wolves are coming out of the walls," shouted Lucy's father, picking her up and running down the stairs with her and his best suit in his arms.

"It's all over!"

shouted her brother as he fell down the stairs beside them.

The family went out the back door and ran.

They huddled at the bottom of the garden that night.

Remember to build up the tension in your paragraph.
