

Friday 5th March

Good morning everyone.

Here the last bit of work for this week and thankfully we will all be back in school as normal next week.

Thank you all the parents who have supported their child with home learning through these past weeks. We understand it has not been easy for various reasons and appreciate the time and effort you have gone to, to help your child keep up with their learning.

Monday is going to be a special day because we will be celebrating World Book Day. Children can dress up and we will be doing lots of exciting activities during the day.

It is **very important** that children bring their reading books and packets back to school on Monday so books and packets can be quarantined before they are exchanged and given out again.

Here is today's work:

Maths (comparing and ordering numbers to 50)

We have done a lot of work on measuring lengths and heights. Today's work is to see what you can remember, what you are confident with and what we might need to practice a bit more after half term.

Complete as many of the questions as you can. You don't need to print them all out just use a paper and pencil if that is easier.

English

Page 28

Follow the instructions to make a paper plane.

*Don't forget to practice phonics and reading

RE

In Lent we pray the "Walk with Me" Prayer together.

We will be using this prayer together in class next week. (You may remember we used this prayer in Advent too)

Read through the prayer and then can decorate it or add pictures to it to help you begin to remember it.
