

Monday 22nd February

Good morning Year One,

We hope you and your families have had a restful and enjoyable half term and that everyone has stayed safe and well.

It was lovely to see pictures and hear about your trips to our Coventry parks to collect points for the Go Parks Active Challenge.

Hopefully it will not be too long before we are all back in school again and able to see friends again and continue with our learning.

As always please share your work on Seesaw so we can see how you are doing. You do not need to print out everything. Answers can be written on a piece of paper.

If there are any problems or difficulties please contact us via email

hollingswortha@st-osburgs.coventry.sch.uk

Here is today's work:

Maths

This is a new piece of learning covering different forms of measuring.

The first lesson is an activity lesson comparing the lengths of different objects and introducing the language of comparison.

It would be helpful to have some items of cutlery ready to compare.

Read or listen to the story

Complete the questions on page 5. Thinking about the story.

RE

We are now in the season of Lent and preparing for Easter.

During Lent Christians try to follow Jesus more closely.
They listen to his words and follow his example.

We will be looking at a range of the sayings of Jesus which can help those who share his life today starting with:

“I am the light of the world.”

Reflect on the differences between light and darkness.

What can we do in the light that we can't do in the dark?

If Jesus is the light of the world, how can his light help and guide people?

What can Jesus help people see?

What can he show people by his example?

Complete the acrostic with ideas for how to follow Jesus' example.

There is a picture to colour as well if you would like to.
