

## How to find the maths worksheets on Oak National Academy

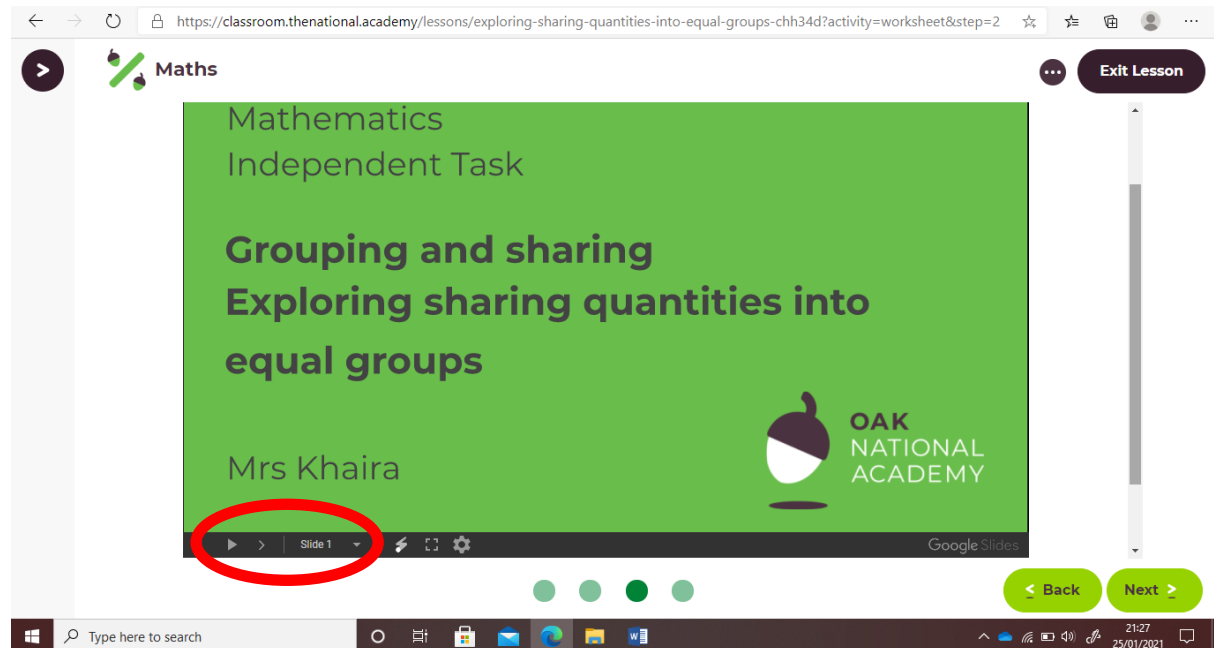

Once you have selected the day's lesson. Click/tap on the arrow in the top left-hand corner of the screen

Then click/tap the option 'worksheet'.

Next scroll down to where it says 'Slide 1' and use the arrow to see the worksheets/flashcards you need.

These do not have to be printed. You can recreate/draw your own versions or show the worksheet/resources on an additional device.

If you would like the resources printed but do not have access to a printer, please send a message on Tapestry and we will see how we can help.
